

Step by step series

Downloading Winzip80.exe and installing

On the internet, go to www.winzip.com go to DOWNLOAD!
Find the evaluation copy of Winzip.
Click DOWNLOAD EVALUATION VERSION
Click DOWNLOAD WINZIP8.0 for Windows

your download window opens, asking where you want this file to go.
type in A: or if you want to save it to the Hard drive type in the full path.
like C:\My Downloads
Click SAVE

After the Download is done,
end of task all TSR's, but windows Explorer and Systray

Now you are ready to install WINZIP.

Go to START, SETTINGS, CONTROL PANEL

Double click ADD/REMOVE PROGRAMS
Click the INSTALL button!

If you downloaded the file to the A: drive, insert the disk and windows will find it. Then click NEXT etc.

However, if you downloaded to C:\My Downloads,
click the BROWSE button and find the file winzio80.exe
highlight it and click OPEN, NEXT etc.
The installation process is now on its way!

When finish, you are then ready to Zip and unzip *.zip files.

All I can say is, **HAPPY ZIPPING!!**
